

that has been softened in cold water is added, together with the whites and shells of two eggs. Then it is boiled which call for a cloth between the mahard a few moments until the eggs terial and the iron the use of a newshave entangled the floating particles paper for the purpose is said to be of scum. Then strain thru a cloth. If better than a cloth. It is said the particle of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a second of the purpose is said to be a se have entangled the fleating particles paper for the purpose is said to be of scum. Then strain thru a cloth. If better than a cloth. It is said the panot perfectly clear, repeat the straining. Add the lemon juice and pour into an leave no lint, will stiffen the fabric unoblong granite pan just enough of the liquid to cover the bottom and let it stiffen. When cold, poach a dozen eggs thing that is always on hand.

But one should hesitate about using water to which a tablespoonful of vinegar has been added. To do this in the gar has been added. To do this in the gar has been added. To do this in the gar has been added around the yolk like a cocoon, give the water a hard stir before dropping in the egg. This gives it a rotary motion.

Now drop the egg in carefully at the center of the greatest ebuillition, and after a moment's revolving lift the pan to the back of the stove for the egg to cook thru. Repeat this process until all are cooked. Now arrange on the stiffened aspic, an inch or two apart, and turn the rest of the aspic, which has been kept over warm water to tizing than well-made corn fritters.

The whole layer should be . . .

A very pretty, appetizing dish will be found in eggs in aspic jelly, and they are not at all difficult to prepare. The aspic jelly is simply meat jelly, beef, veal or chicken seasoned highly with salt, pepper, celery salt and lemon juice and thickened with gelatine. For eggs or chicken, veal or chicken stock are used. For tongue or other dark meats beef stock is required. The stock is seasoned with vegetables, pepper solved in a little boiling water. Pack means need stock is required. The stock a teaspoonful gelatine softened and dis-is seasoned with vegetables, pepper solved in a little boiling water. Pack corn and cloves during its cooking. In small moids, chill, cut in slices and Then it is strained, and to every two arrange on a platter with a garnish of quarts of the stock a box of gelatine lemon jelly.

It is held that in pressing goods

The whole layer should be about two of flour, one tablespoonfuls inches in depth. When the jelly hardens it is cut in squares or round. ens it is cut in squares or rounds with an egg in the center of each, and is served on lettuce leaves with a garnish of pimentoes. ing well; beat the eggs and stir in last. Have ready some boiling fat in a frying pan, into which the batter should be Molded chicken which may be sliced dropped, a desrtspoonful at a time. for use is a pleasing addition to a "cold" menue. Cut up a four-pound once on a hot dish.

Sent to any address for Ten Cents by the Union Publishing Company, 1718 Corcorant stamps accepted.

A New and Attractive Premium.

THE NATIONAL TRIBUNE has been fortunate in obtaining a small edition of a handsome publication entitled "CRUMBS OF COMFORT," its contents being composed of choice Biblical texts and poetical quotations, suitable for morning and evening reading exercises in the household. For this purpose it was printed in large type on heavy paper, pages 12 by 24 inches in size, and when suspended on the wall can be

easily read across an average room. Each page as read can be turned back and new instruction and

advice is before the eyes constantly for the day. It is not only an ornamental addition to any room, but must prove an inspiration and a blessing to all who read and follow its ad-

monitions and wholesome suggestions. It was originally sold for \$1.50, and while our supply holds out it will be sent postpaid to any address for two yearly subscriptions to

THE NATIONAL TRIBUNE. To secure this splendid premium it will only be necessary for a subscriber to get a new name and send it in with his own. Or it will be sent for 50 cents-one-third the original price-in addition to one

Address THE NATIONAL TRIBUNE, Washington, D. C.

tional President offered a silk head-quarters flag to the Department organ-izing the greatest number of Circles tional President an exquisite fan, and during the year. This prize went to the from the Department of Pennsylva-Department of Iowa, and the flag was nia, of which she is Past Department

TO OUR WOMEN READERS: Some months ago The National Tribune decided to offer a premium which should be of special interest to its large circle of women

In the meantime extraordinary efforts have been made to find the one thing which is better than all others. Scores of different propositions have been carefully examined and considered.
